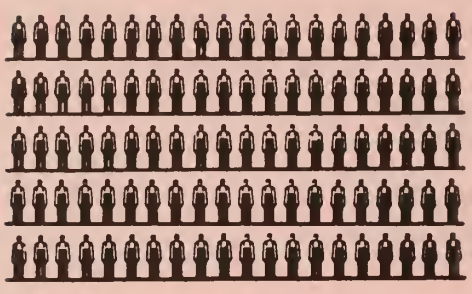
FIND THAT ADDRESS *Quick . . .*

"Chicago is on the wire –they want Bill Smith's address–quick". And in a matter of seconds the address is located in the Directory.

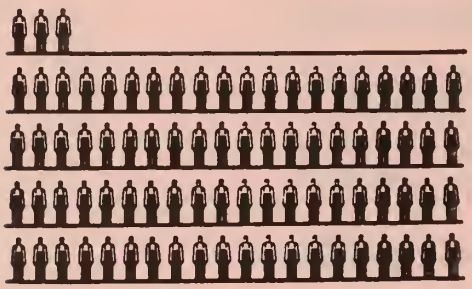
YOU WILL FIND IT IN THE

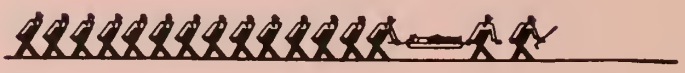
DIRECTORY

HOW MANY CHANGES IN A YEAR?

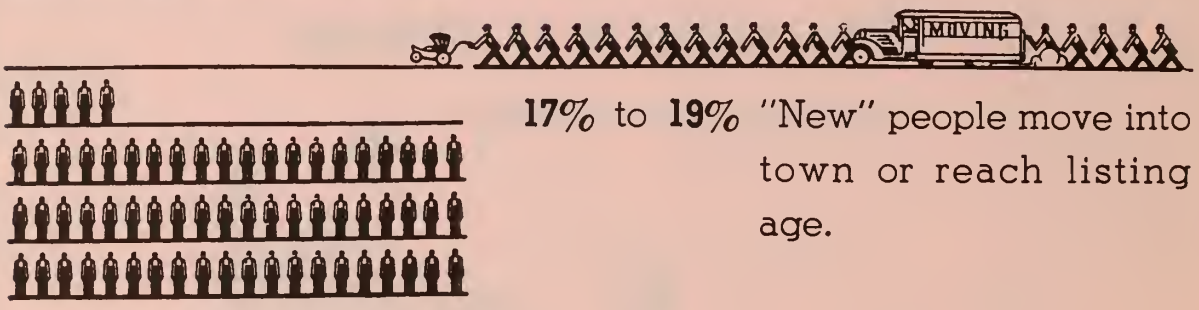


Out of every **100** People as listed in the last Directory

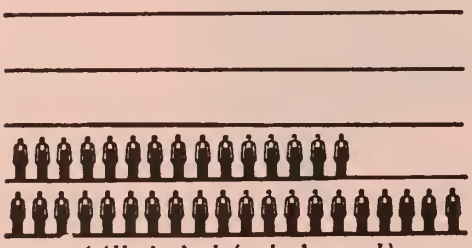




16% to **18%** Move away or die



17% to **19%** "New" people move into town or reach listing age.



(All that's left that's good)

26% to **29%** More change their addresses or their jobs or some other vital fact that affects their listing.

Making a total of **59%** to **66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.
